**From:** Basler Product Management  
**Date:** July 19th, 2019  
**Subject:** End-Of-Life: Two IP Lenses for the Basler Camera Series IP Fixed Box

## Reasons for discontinuation:

The discontinuation of selected models of the successful network camera series Basler IP Fixed Box follows a discontinuation of matching varifocal lenses. With this letter we want to inform you about the discontinuation of these varifocal lenses and the according Last-Time-Buy dates.

The discontinuation of selected Basler IP Fixed Box cameras, which are based on certain CCD sensors, is required as a result of the discontinuation of these sensors by Sony itself. Further information on the discontinuation of the camera series can be found on our website under the section After Sales Services.

The availability of these products is limited to the current stock. As a result of discontinuations by the supplier, unfortunately no new orders can be placed for one of the products.

Product availability will be subject to Basler's capacity and resource constraints. Obligations beyond the final ship date will be limited to warranty support only. The supply of products will be subject to Basler's general terms and conditions of sale or any specific contractual terms agreed between the parties.
